- Proficient in GitHub
- · Strong understanding of databases: MySQL, PostgreSQL and MongoDB

- Capable of working with both RESTful and GraphQL APIs
- · Enhance security of web with ZAP
- · Proficient in AWS and its applications

SOFT SKILLS

- · Communication and Idea Conveying Skills
- Public Speaking and **Presentation Skills**
- · Self-learning and Curiosity for **Exploring Related Knowledge**

CAREER OBJECTIVE

Aspiring Software Engineer with a strong passion for Cloud Computing and Software Development. Eager to leverage my expertise in AWS, backend technologies, and problem-solving skills to build innovative business solutions and drive company growth. In previous projects, I often took on the role of a team lead, ensuring that 95% of the projects were completed on time.
